Sir

In continuation of my letter No 88 of the 23d July 1895, I have the honor to submit the following report regarding the advances drawn from the Treasury on account of the repairs of the Malleswara and Venkataramanaswami temples at Maddagiri -

2- Malleswara Temple - An Estimate of Rupees 1999 for repairing this temple was sanctioned in Government Proceedings No 569-70 Inam-105-92 dated 29th November

November 1893. The work is carried out under Amani under the personal supervision of the Taluk Shiristadar and the Amildar. The greater portion of the work has been completed. The detailed account of expenditure kept by the Taluk Shiristadar shows that up to 14th September 1895 out of an advance of Rupees 1999 drawn from the Treasury which includes the Rupees 400/ shown in the list which accompanied your Docket No 76 dated 19th July 1895, a sum of Rupees 1997-15-1 has been spent, leaving a balance of Rupees (1-1-11). The work done does not tally with the quantities provided for in the Estimate, but this is inevitable as the original Estimate was

was not evidently prepared with care - The work done has however been measured up by the District Sub Overseer and at the sanctioned rates is valued by him at Rupees 2759-13-3. I have directed the Sub Overseer to report the amount actually required to complete what has been commenced and I will submit a small supplemental Estimate for sanction.

3. Venkatramanaswami Temple

By the Government Proceedings of 29th November 1893 above quoted, an Estimate of Rupees 4810 was sanctioned for repairing this temple, and an appropriation of Rupees 2000/ was granted - This work is also done under Amani - An advance of Rupees 2000/ was

was accordingly drawn from the Treasury - The detailed account of expenditure shows that up to 14th August 1895, Rupees 1,542-5-8 had been spent, leaving a balance of Rupees 457-10-4 in deposit in the Treasury - The Sub Overseer values the work done at Rupees 1,683-10-9 - The work is in progress, and the expenditure to be incurred hereafter will be met out of the Imprest of Rupees 500/, sanctioned in Comptroller's letter No 6546 of 14th May 1895.

4. The measurements taken by the Sub Overseer of the work done to these temples are noted in the accompanying Book and his valuation of the same is entered in the enclosed papers marked A. B and C.

5. I inspected the works on the 9th instant - The work done has been substantially done, under the personal superintendence of the Taluk Shirestadar - The full amount of the Estimate for the Venkatramanaswami temple will be worked out this year - The necessary materials have been collected and instructions have been issued to push on with the work as rapidly as possible.

6. I beg that the measurement Book may be returned for reference, when no longer required -
